MINUTES OF THE MEETING OF THE BOARD OF REGENTS
MURRAY STATE UNIVERSITY
May 10, 1975

The Board of Regents of Murray State University met on May 10, 1975, at 2:30 p.m., in the Board Room of the Administration Building on the campus of the University. The following members were present: Dr. Charles E. Howard, Chairman, presiding; Mr. William Carneal, Dr. Mark Cunningham, Mr. James A. Davis, Mr. Bob T. Long, Mr. A. B. Mitchell, Mr. Frank Paxton, Mr. Gene Roberts, and Mr. O. B. Springer. Absent was Mr. Graves (Skip) Neale.

Also present were Dr. Constantine W. Curris, President; Mrs. Patsy R. Dyer, Secretary of the Board; Dr. Thomas B. Hogancamp, Vice-President for Administration and Finance and Treasurer of the Board; Vice-Presidents Julian, Bartholomy, and Read; members of the news media and visitors.

The Chairman called the meeting to order and Gene Roberts led in prayer.

Agenda

President Curris presented the following Agenda:

4. Recommendation for Dean of the College of Environmental Sciences

It is my recommendation that Dr. Marshall Gordon be designated Dean of the College of Environmental Sciences at the salary of \$28,000.00 per year effective July 1, 1975. Dr. Gordon, currently Professor of Chemistry, joined the Murray State University faculty in September 1962. He is an alumnus of Murray State and received his Ph.D. degree from Vanderbilt University. Professor Gordon is a native of LaCenter and is a specialist in the study of Organic Chemistry. He has brought great distinction to Murray State University through his numerous publications in scholarly, professional and research journals and through significant activities in environmental research.

5. The University Laboratory School

I recommend that the Murray State University Laboratory School become a Center for Early Childhood and Kindergarten Education. This recommendation entails discontinuing elementary grades 1-6, expanding early childhood and kindergarten classes, and providing with the financial assistance of the Kentucky Department of Education, special education classes not available in the immediate region.

The effective date of this recommendation will be August 15, 1975.

6. New Program--Associate of Science in Civil Engineering Technology

I recommend the establishment of an Associate of Science degree program in Civil Engineering Technology.

As demands on the talents of our professional engineers increase in complexity, great individual and public needs have developed for technicians academically and practically prepared to perform many of the tasks formerly performed by professional engineers. This program is designed to provide knowledge and skills in the areas of surveying, drafting, structural design analysis, soil mechanics, safety, estimating, materials testing, and construction methods and equipment.

Murray State University has surveyed the construction industry regarding the job market for graduates of a program of this type, and has found that an immediate need exists for 250 technicians and over the next five years there is an estimated need for 720 Civil Engineering Technology graduates.

The civil engineering technician could be involved in such fields as road building, city planning, transportation systems, building construction, and environmental control systems. He could assume responsibilities as materials salesman, estimator, surveyor, specialized draftsman, civil engineer aide, construction or materials inspector, or testing laboratory technician to name a few careers.

7. New Program--Associate of Arts in General Studies

I recommend the establishment of an Associate of Arts degree program in General Studies.

This program is designed to prepare the student broadly in liberal arts which will serve as a foundation for life-long learning. Areas covered by the curriculum include communications, humanities, history and politics, science, and behavioral science.

Pending approval of a grant proposal we have submitted to the Kentucky Crime Commission in the amount of \$10,922.00, we hope to first offer this program to inmates of the Kentucky State Penitentiary at Eddyville.

Should this grant proposal be funded, we feel that Murray State University will be able to play a significant role through this program in the rehabilitation of inmates. In addition, we think that this program will facilitate their career development potential after release.

8. Harry Lee Waterfield Institute for Local Government

I recommend the establishment of the Harry Lee Waterfield Institute for Local Government.

With increasing demand for local services and added responsibilities from the state and federal governments, local government officials are finding it more difficult to cope with their problems. A closer working relationship between universities and local governments can help meet these needs. Local governments can be provided with expanded services and realistic educational opportunities while the University will be in a position to offer students better learning experiences. The Harry Lee Waterfield Institute for Local Government is proposed to meet these needs on both a regional and state-wide basis through a unique program integrating all functions of the University-- education, research and service.

The specific objectives of the Harry Lee Waterfield Institute for Local Government are: (1) to provide continuing education to local government officials on campus and in the field; (2) to provide service to local governments working through area development districts and county officials to help them meet special needs as determined by the local governments; (3) to serve as a depository of information and to engage in applied research that will strengthen local government by aiding governmental officials; (4) to integrate established governmental study courses with the above objectives thus providing our students with more realistic and meaningful educational experiences.

9. Report of the Committee on Credits and Graduation

10. Financial Report for Period July 1, 1974, through March 31, 1975

11. Contract for publishing the 1976 SHIELD

I recommend the contract for publishing the 1976 SHIELD be awarded to the Taylor Publishing Company of Dallas, Texas. Five bids were received and Taylor Publishing Company submitted the lowest and best bid meeting the specifications in the amount of \$38,640.00.

12. Vacation Leave Policy for Permanent Employees

I recommend approval of the attached vacation leave policy for permanent employees of the University effective July 1, 1975.

13. Procedural Standards in Disciplinary Proceedings, Student Life Policies

14. Gift from the Asian Cultural Exchange Foundation

I recommend the acceptance of a gift to the University by the Asian Cultural Foundation of one hundred, seventy-two (172) items including bowls, vases, laquerware, sculpture, carvings, jewelry and other objects valued at \$13,360.90. This collection will become a part of the Permanent Collection of the Clara M. Eagle Gallery of Murray State University.

15. Gift to University Farm

I recommend the acceptance of the following gift of animals to the University Farm:

<u>Name of Animal</u>	<u>Donor & Address</u>	<u>Value</u>
Horses:		
Goldie & Foal	A. S. Warren, M.D., Lexington, KY	\$750.00
Blaze & Foal	A. S. Warren, M.D., Lexington, KY	750.00

<u>Name of Animal</u>	<u>Donor & Address</u>	<u>Value</u>	
Gypsie & Foal	A. S. Warren, M.D., Lexington, KY	\$ 750.00

Cows:			<u>Registry No.</u>
Miss Return 548	Travis Lax, Buchanan, TN	500.00	16053553
Miss Princess 542	Travis Lax, Buchanan, TN	500.00	16218815

16. Murray State University Committee Structure

I recommend that the Board of Regents approve the attached University Committee structure which establishes official governance channels through which policy and program recommendations are presented to the President.

The proposed committee structure was formulated by the University Council, endorsed by the President, and ratified in separate votes by the faculty, staff and students. The proposed governance committees would constitute the official committee system, replacing extant governance committees, with the exception of the Leave, Tenure and Promotion Committee whose responsibilities and composition have not yet been studied.

17. The Chairman's Report regarding letter from Professor Wayne Williams

Minutes of the Meeting of the Board of Regents held on April 7, 1975, Approved as corrected

Chairman Howard called for additions or corrections to the Minutes.

Mr. Davis, reporting for the Budget Committee, presented an addition to the Budget Report and requested this report be incorporated in the Minutes.

The Tenure Policy Statement with editorial changes were incorporated in the Minutes.

The Minutes of April 7, 1975, were approved as corrected.

Faculty Personnel/Payroll Items, Approved

Mr. Davis moved that the Board approve the faculty personnel/payroll items as recommended by the President and listed in Item 2 of the Agenda. Mr. Paxton seconded and the roll was called on the adoption of the motion with the following voting: Mr. Carneal, aye; Mr. Davis, aye; Mr. Long, aye; Mr. Mitchell, aye; Mr. Paxton, aye; Mr. Roberts, aye; Mr. Springer, aye; and Dr. Howard, aye.

Staff Personnel/Payroll Items, Approved

Mr. Long moved that the Board approve the staff personnel/payroll items as recommended by the President and listed in Item 3 of the Agenda. Mr. Springer seconded and the roll was called on the adoption of the motion with the following voting: Mr. Carneal, aye; Dr. Cunningham, aye; Mr. Davis, aye; Mr. Long, aye; Mr. Mitchell, aye; Mr. Paxton, aye; Mr. Roberts, aye; Mr. Springer, aye; and Dr. Howard, aye.

Dr. Marshall Gordon designated Dean of the College of Environmental Sciences

Dr. Curris reviewed the recommendation stated in Item 4 of the Agenda and stated that Dr. Pete Panzera has been serving as Interim Dean of the College of Environmental Sciences.

Mr. Paxton moved that the Board upon the recommendation of the President designate Dr. Marshall Gordon Professor and Dean of the College of Environmental Sciences at the salary of \$28,000.00 per year effective July 1, 1975.

Mr. Mitchell seconded and the roll was called on the adoption of the motion with the following voting: Mr. Carneal, aye; Mr. Davis, aye; Mr. Long, aye; Mr. Mitchell, aye; Mr. Paxton, aye; Mr. Roberts, aye; Mr. Springer, aye; and Dr. Howard, aye.

The University Laboratory School, Continued

President Curris stated the issue of the University is a complex one, that he had discussed the future of University School with faculty on campus, in the laboratory school and other parts of the campus; had met with student teachers in their senior year, alumni, University School PTA, Dean Hunter, the chairman in teacher education, chairmen in the University who use the laboratory school, superintendents, and State Department of Education officials. He further stated that during the process his thinking was open and he shared the three options considered in April and invited other alternatives. The financial statement was issued with a statement to the press which along with Dean Hunter's position statement and other studies were given to the Board.

The President's recommendation as outlined in the Agenda is that effective August 15, 1975, the Murray State University Laboratory School will become a Center for Early Childhood and Kindergarten Education. This recommendation entails discontinuing elementary grades 1-6, expanding early childhood and kindergarten classes, and providing with the financial assistance of the Kentucky Department of Education, special education classes not available in the immediate region.

In response to questions, Dr. Curris stated that three processes are involved in professional laboratory experience of students who are going to be teachers-- 1) observing, 2) participating (working with children), 3) student teaching. Most observations are done in the laboratory school with some off campus; participation occurs in both laboratory and public school; and most of the student teaching occurs in public school with 37% of the elementary majors in the laboratory school and 63% in the public schools.

Other questions raised included 1) with respect to facilities for multihandicapped students, what would it cost? 2) What kind of staffing would be required for classes for emotionally disturbed children? 3) Could the University School become a center for basic research for normal children? 4) What is the number of emotionally handicapped children in the area? 5) How many students constitute a unit in hard-of-hearing and multihandicapped? 6) Can we fund observations in secondary education if we keep K-6 plus units for special education?

Comments shared included 1) that classes for students with learning disorders are not available and the needs of these children are not being met; 2) that there is no class for hard-of-hearing students west of Louisville; 3) that five students constitute a unit for hard-of-hearing and six students constitute a unit for multihandicapped; 4) that if classes for multihandicapped children are not available on campus the University will have to send the student teachers to the children; 5) that the State Department of Education would provide funds for units for multihandicapped and the University would provide housing and staff for units; 6) that according to the Placement Office requests for elementary teachers dropped from 3523 in 1970 to 425 in 1973-74, while requests for special education teachers were 822 in 1973-74; 7) that 1313 students observed in University School last fall and 1252 observed in the spring semester; 8) that money budgeted for University School could provide observation experience for all student teachers; 9) that off campus observations will present transportation and scheduling problems; 10) that neither the county system nor the city system receives ADA (Average Daily Attendance) money for students attending University School; 11) that according to letters of intent the enrollment in K-6 will increase in fall 1975, and that if the University School is not closed, 200 students could be enrolled in the fall.

Mr. Mitchell moved that the Board accept the recommendation of the President and Dr. Donald Hunter as stated in Item 5 of the Agenda. Mr. Springer seconded and the roll was called on the adoption of the motion with the following voting: Mr. Carneal, aye, "I have based my vote on respect I have for Dr. Curris and the investigation he and Dr. Hunter have made and I am concerned with the report made last year

and the report this year;" Dr. Cunningham, no; Mr. Davis, aye; Mr. Long, no; Mr. Mitchell, aye; Mr. Paxton, no; Mr. Roberts, no, "I have debated to close the University School and I changed my mind because I saw the value to the University and the student body;" Mr. Springer, aye; Dr. Howard, "This is my most difficult decision on the Board; I am a strong supporter of the President, deans and faculty; but when the facts are confusing, you have to vote your heart and I vote no."

The Secretary reported the vote being 5 nos, 4 ayes. The Chairman declared the motion defeated.

Meeting was recessed for fifteen minutes.

Mr. Mitchell left the meeting.

Meeting reconvened.

New Programs, Adopted

Dr. Curris reviewed the recommendation for the Associate of Science in Civil Engineering Technology as stated in Item 6 of the Agenda. Mr. Carneal moved that the Board establish the Associate of Science in Civil Engineering Technology. Mr. Paxton seconded and the motion carried.

Dr. Curris reviewed the recommendation for the Associate of Arts in General Studies as stated in Item 7 of the Agenda and stated that the University is negotiating with the Kentucky Crime Commission for a grant. Mr. Roberts moved that the Board establish the Associate of Arts in General Studies. Mr. Long seconded and the motion carried.

Harry Lee Waterfield Institute for Local Government, Established

Dr. Curris reviewed the recommendation for the establishment of the Harry Lee Waterfield Institute for Local Government as stated in Item 8 of the Agenda. Mr. Davis moved that the Board establish the Harry Lee Waterfield Institute for Local Government. Mr. Paxton seconded and the motion carried.

Upon request, Dr. Hogancamp reviewed the foregoing report which was received by the Board.

Contract for publishing the 1976 SHIELD

Upon the recommendation of the President and the Committee receiving bids for the publication of the 1976 SHIELD, Mr. Paxton moved that the Board award the contract for publishing the 1976 SHIELD to the Taylor Publishing Company in the amount of \$38,640.00.

Mr. Springer seconded and the roll was called on the adoption of the motion with the following voting: Mr. Carneal, aye; Dr. Cunningham, aye; Mr. Davis, aye; Mr. Long, aye; Mr. Paxton, aye; Mr. Roberts, aye; Mr. Springer, aye; and Dr. Howard, aye.

Vacation Leave Policy for Permanent Employees, Tabled

Dr. Curriss presented the Vacation Leave Policy for Permanent Employees, stated that effective reports will be kept in the offices of the vice presidents to ensure adherence to the policy, and recommended its adoption.

Mr. Carneal moved that the Board table until the next meeting the Vacation Leave Policy for Permanent Employees for further study, and requested that members of the Board be provided information as to how this policy compares with the present policy and vacation leave policies of other universities.

Mr. Davis seconded and the motion carried.

Procedural Standards in Disciplinary Proceedings, Student Life Policies, Modified

Upon recommendation of the President, Mr. Paxton moved that the Board modify the Procedural Standards in Disciplinary Proceedings of the Student Life Policies as follows:

Delete the following:

Board of Regents

Appeal Procedure:

A student who has been suspended or expelled by action of the Appeals Board may appeal the decision of the Appeals Board to the Board of Regents by presenting a letter containing a detailed statement of the grounds for the appeal to the President of the University no later than five (5) working days after the action of the Appeals Board.

Decision:

The Board of Regents shall review the evidence and take one of four courses of action:

- (1) Sustain the decision of the Appeals Board;
- (2) Reverse the decision of the Appeals Board;
- (3) Return the case to the Appeals Board for a new hearing and/or to make new or additional findings;
- (4) Grant a new hearing before the Board of Regents. All hearings before the Board of Regents shall follow the hearing procedures outlined for the University Judicial Board, except that attorneys shall be permitted to advise the students, the University, and the Board of Regents.

and insert the following:

Board of Regents

Appeal Procedure:

A student who has been suspended or expelled by action of the University Student Appeals Board may appeal the decision of the University Student Appeals Board to the Board of Regents by submitting a letter containing a detailed statement of the grounds for the appeal to the President of the University no later than five (5) working days after the action of the University Student Appeals Board.

Decision:

The Board of Regents Student Disciplinary Committee, consisting of three Board members appointed by the Chairman of the Board of Regents, shall act in behalf of the Board in all student disciplinary

appeals. The Committee shall review the evidence and take one of four courses of action:

- (1) Sustain the decision of the University Student Appeals Board.
- (2) Reverse the decision of the University Student Appeals Board.
- (3) Return the case to the University Student Appeals Board for a new hearing and/or to make new or additional findings.
- (4) Hear additional evidence and render a new decision based on this evidence. Should the Board of Regents Student Disciplinary Committee decide to hear additional evidence the student shall be permitted the advice of an attorney. The University and the Board of Regents shall also have the right to introduce additional evidence and/or engage the assistance of an attorney.

The decision of the Board of Regents Student Disciplinary Committee shall be final.

Mr. Springer seconded and the motion carried.

Gift from the Asian Cultural Exchange Foundation, Accepted

Upon the recommendation of the President, Mr. Davis moved that the Board accept the gift to the University by the Asian Cultural Foundation of one hundred, seventy-two items including bowls, vases, laquerware, sculpture, carvings, jewelry valued at \$13,360.90 and that this gift become a part of the Permanent Collection of the Clara M. Eagle Gallery. Dr. Cunningham seconded and the motion carried.

Gift to University Farm, Accepted

Upon the recommendation of the President, Mr. Long moved that the Board accept the gift of cattle and horses to the University Farm as listed in Item 15 of the Agenda. Mr. Springer seconded and the motion carried.

Murray State University Committee Structure, Tabled

President Curris presented copies of the proposed Committee Structure which will establish official governance channels through which policy and program recommendations are presented to the President.

Mr. Davis moved that the Board table the proposed Committee Structure for further consideration. Mr. Paxton seconded and the motion carried.

Report of the Chairman

The Chairman read the following note and directed the Secretary to enter it into the record:

Dear Dr. Howard,

My son and I want to thank you and the members of the Board of Regents for all you have done in making the dedication of the Blackburn Science Building such a memorable occasion.

Sincerely,

/s/ Virginia Blackburn

Chairman Howard called attention to the following letters and directed the Secretary to enter them into the Minutes:

Dear Dr. Howard:

This is to inform you that the Murray State University Education Association has collected the signatures of a majority of the Murray State University faculty authorizing this organization to represent them in the area of professional negotiations.

We respectfully request that you select a representative of your group to meet our representatives so that we may develop procedures for implementing negotiations. Our committee is ready to meet at your earliest convenience.

Respectfully,

/s/ Wayne M. Williams

Inter-Office Communication

Subject: Collective Bargaining
To: President Constantine W. Curris
From: Terry L. Arndt /s/ TLA
James F. Thompson /s/ JFT

Our College faculty recently met to discuss our position with respect to the issue of collective bargaining. As a result, the following motion was made:

We, the teaching faculty of the College of Business and Public Affairs, move not to be a part of any collective bargaining arrangement at Murray State University.

There were 29 ballots cast in favor of the motion and 7 in opposition, resulting in an 81% majority for passage. This vote should not be construed in any way as an endorsement of or disagreement with any administrative policies that might affect collective bargaining.

cc: Faculty, College of Business and Public Affairs

Mr. Paxton moved the meeting be adjourned. Motion was seconded and carried.
